

PAJARO VALLEY WATER MANAGEMENT AGENCY

36 BRENNAN STREET • WATSONVILLE, CA 95076
TEL: (831) 722-9292 • FAX: (831) 722-3139
email: info@pvwater.org • http://www.pvwater.org

Board of Directors Meeting
March 19, 2014, 7:00 p.m.

City Council Chambers
275 Main Street, 4th Floor
Watsonville, CA, 95076

MEETING AGENDA

Americans with Disabilities Act

The City Council Chambers is an accessible facility. If you wish to attend a meeting and you will require assistance in order to attend and/or participate, please call the Agency at (831) 722-9292 in advance of the meeting and every effort will be made to accommodate your attendance and participation.

Agenda Item

Note: The Board may take action on any item listed on the agenda.

1. Call to Order

2. Roll Call of the PVWMA Directors: Rosemarie Imazio (Chair), David Cavanaugh (Vice-Chair), Dwight Lynn, Rich Persoff, Amy Newell, Paul Faurot, Javier Zamora

3. Pledge of Allegiance

4. Oral Communications

This time is set aside for members of the general public to address the Board of Directors on any item not on the Agenda, and that is within the subject matter jurisdiction of the Board of Directors. Each speaker is allotted up to 3 minutes. No action or discussion shall be taken on any item presented except that the Board may respond to statements made or questions asked, or may ask questions for clarification. All matters of an administrative nature will be referred to staff. All matters pertaining to the Board may be scheduled for discussion at a future meeting or referred to staff for clarification or a report, at the pleasure of the Board.

5. Director Comments

6. Counsel Report

7. General Manager Report

8. Consent Agenda

All items appearing on the Consent Agenda are recommended actions which are considered to be routine and will be acted upon as one consensus motion. Any items removed will be considered immediately after the consensus motion. The Board Chair will allow public input prior to the approval of the Consent Agenda.

A. Approve February 19, 2014 and March 5, 2014 Minutes

B. Approve Financial Reports for February 2014

1. Chair entertains Board member request for removal of items
2. Questions from Board
3. Public Comment
4. Board discussion and deliberation
5. Board action

This agenda is subject to revision and may be amended prior to the scheduled meeting. If amended, a Final Agenda will be posted at the PVWMA offices at 36 Brennan Street, Watsonville, 72 hours prior to the meeting. Copies of the Final Agenda will be available at the Board Meeting. This Agenda shall be made available upon request in alternative formats to persons with a disability, as required by the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132) and the Ralph M. Brown Act (Cal. Govt. Code Sec. 54954.2). Persons requesting a disability-related modification or accommodation should contact PVWMA at (831) 722-9292 during regular business hours, at least 24 hours prior to the time of the meeting.

9. Discussion and/or Action Items

A. Public Hearing/Board Action: Receive Presentation and Conduct Hearing on Basin Management Plan Update and Final Environmental Impact Report (FEIR)

Consider actions related to Certification of Basin Management Plan Update Final EIR and approval of the Basin Management Plan Update

1. Introduction by staff
2. Questions from Board
3. Open Hearing
4. Public comment
5. Close hearing
6. Board discussion and deliberation
7. Board action

NOTE: The Pajaro Valley Water Management Agency Board will consider the following actions:

1. Adopt Resolution 2014-04 Certifying the Basin Management Plan Update Final Environmental Impact Report under the California Environmental Quality Act (CEQA)
 2. Adopt Resolution 2014-05 to do the following:
 - a. Approve the Basin Management Plan Update (including the seven primary components), which is the Environmentally Superior Alternative;
 - b. Approve the Findings of Fact and Statement of Overriding Considerations as required by CEQA; and
 - c. Adopt the Mitigation Monitoring and Reporting Plan in accordance with CEQA.
- ### B. Consider Approval of Facilities Plan and Engineering Design Contract with Carollo Engineers for Additional Storage and Related Upgrades at the Recycled Water Facility in the amount of \$535,000.
1. Introduction by staff
 2. Questions from Board
 3. Public comment
 4. Board discussion and deliberation
 5. Board action
- ### C. Consider Approval of Resolution 2014-06 revising the Organizational Chart to add position of Operations and Maintenance Technician
1. Introduction by staff
 2. Questions from Board
 3. Public comment
 4. Board discussion and deliberation
 5. Board action
- ### D. Consider Recommendation from Administrative Finance Committee to simplify Financial Reporting to Committee and Board of Directors
1. Introduction by staff
 2. Questions from Board
 3. Public comment
 4. Board discussion and deliberation
 5. Board action

10. Monthly Reports/Presentations

- A. Facility Operations Report
 - 1. Receive 2013 Supplemental Water Production Monthly Summary Report
- B. Board Committee Reports available www.pvwater.org
 - 1. Ad Hoc Funding Committee update – January 23, 2014
 - 2. Drought Response and Conservation Update
 - 3. Public Outreach Update

11. Communications/Correspondence: March 2014 Meeting

12. Future Meetings

- A. Ad Hoc Funding Committee (AHFC) – March 27, 2014, 3:00 p.m. – 5:00 p.m., City of Watsonville Water Resources Center, 500 Clearwater Lane, Conference Room, Watsonville.
- B. Water Quality & Project Operations Committee-April 2, 2014, 3:00 p.m., Water Resources Center, 500 Clearwater Lane, Conference Room, Watsonville
- C. Administrative/Finance Committee — April 9, 2014, 12:30 p.m. – 12:30 p.m., PVWMA Conference Room, 36 Brennan Street, Watsonville (**please note rescheduled date**)
- D. Board of Directors-April 16, 2014, 7:00 p.m., City Council Chambers, 275 Main Street, Fourth Floor, Watsonville

13. Future Agenda Items

PAJARO VALLEY WATER MANAGEMENT AGENCY

36 BRENNAN STREET • WATSONVILLE, CA 95076

TEL: (831) 722-9292 • FAX: (831) 722-3139

email: info@pvwma.dst.ca.us • <http://www.pvwma.dst.ca.us>

Board of Directors Meeting
February 19, 2014, 6:00 p.m.

City Council Chambers
275 Main Street, 4th Floor
Watsonville, CA 95076

BOARD MEETING MINUTES

1. **Call to Order:** The Regular Board Meeting of Pajaro Valley Water Management Agency was called to order at 6:04 p.m. by Chair Imazio, in the City Council Chambers, 275 Main Street, 4th Floor, Watsonville, CA.
2. **Roll call of the PVWMA Directors:**

Board Members Present: Imazio, Cavanaugh, Lynn, Newell, Faurot, Zamora

Board Members Absent: Persoff

Staff Members Present: Mary Bannister, General Manager (GM)
Brian Lockwood, Staff Hydrologist (SH)
Laura R. Taay, Administrative Analyst (AA)
Teresa Delfino, Administrative Services Manager (ASM)
Others Present: Tony Condotti, Agency Counsel (AC)
3. **Pledge of Allegiance**
4. **Closed Session**
5. **Oral Communications:** None
6. **Director Comments:** Director Zamora attended a Water 101 Seminar at UC Davis, 2/18 & 2/19/14. Director Newell stated the training at CSDA Conference was more informative then the Director training that was held on February 5, 2014.
7. **Counsel Report:** None
8. **General Manager Report:**
The Furman Group organized a trip to Washington DC the week of February 10, 2014 for staff and Director Cavanaugh to meet with congressional and committee representatives. The primary objective of the trip was to campaign for 2014 funding of the WaterSmart Grant application.

GM handed out a list of several important and interesting upcoming Public Outreach events that PVWMA will be involved in and encouraged Directors and staff to attend.
9. **Consent Agenda**
 - A. Approved January 22, 2014 and February 5, 2014 minutes.
 - B. Approved Financial Reports for January 2014.
 - C. Received Final Travel and Expense Reimbursement Policy and Form.

Action: Director Cavanaugh moved approval of the Consent Agenda; seconded by Director Newell
Motion carried by the following voice vote:

AYES: Imazio, Cavanaugh, Lynn, Newell, Faurot, Zamora
NOES: None
ABSENT: Persoff
ABSTAIN: None

10. Discussion and/or Action Items

A. Receive Update on Drought Response and Conservation Program Update

The Pajaro Valley, along with much of California, experienced relatively dry winters in both 2011/12 and 2012/13. During the “wet season” when most rainfall typically occurs, the gauge at Watsonville Water Works recorded only 11.6 inches of rainfall (60 % of average) between October 2011 and March 2012, and 13.1 inches (68 % of average) between October 2012 and March 2013. In response to these two dry winters, the Board approved an allocation of \$75,000 for an interim conservation program during the May 22, 2013 meeting. The program focuses on outreach and education to the agricultural community, as agriculture uses approximately 85% of the water in the valley and as such has the most potential to conserve water on a large scale. Irrigation efficiency assessments supported by funding from our program and conducted by the Agricultural Water Quality Coalition (Coalition) and partners provide growers with feedback on their irrigation systems’ efficiency and how to improve it.

In the Pajaro Valley, approximately 55,000 acre-feet of water are used each year to meet the needs of agriculture, households and commercial businesses. Nearly all of that water (98 %) is pumped from the groundwater basin. During dry years, much more groundwater is pumped than is recharged and as a result, the stresses on the groundwater basin are increased. It is during extended periods of drier than average conditions, when overdraft conditions are exacerbated, that seawater is more prone to further intrude into the freshwater aquifer system.

A detailed conservation plan and cost estimate is being developed for stakeholder and ultimately Board review, to support achieving BMP Conservation targets. In addition, staff has been conducting a valley-wide analysis of water use and irrigated acreage by crop type in order to better understand the range of crop water use. This analysis will help staff and consultants to identify where support could be most beneficial.

Additional drought response efforts that are being discussed with our stakeholder partners include the following:

- Expanding grower outreach and accessibility to a range of water management resources including irrigation distribution uniformity analyses, implementation assistance, access to a range of irrigation scheduling tools, groundwater recharge projects, and other water management practices that maximize efficiencies,
- Hosting bilingual grower & irrigator workshops and field demonstration sites featuring experts from the U.C. Ag Extension, U.C. Davis, the Resource Conservation District, the Natural Resources Conservation Service and local growers with success stories,
- Positioning and supporting appropriate agencies to receive funding from the State or Federal Governments related to the Drought Emergency Declaration,
- Identifying rural residential programs that can be incentivized by rebates, etc., including expanded Graywater use programs, high efficiency toilet retrofits, low flow showerheads and lawn replacement programs,
- Developing a unified message to be shared by partners,
- Launching a comprehensive media campaign utilizing the Agency’s website, TV, radio public service announcements and print to expand awareness of our water resources within the community.

Staff recently committed to dedicate staff time to cooperative outreach with the City of Watsonville by co-leading Recycled Water Facility tours to roughly 1,000 students a year, along with other outreach activities.

The BMP Conservation Program will be implemented and funded pending the adoption of the BMP Update, certification of the Environmental Impact Report, and a successful rate setting effort. If the effort is successful, the new rate structure would become effective in fall of 2015.

Action: None Required

B. Consider Adoption Resolution No. 2014-03 Recognizing State of California Drought Declaration and requesting 20% Water Use Reduction

In addition to local conditions, the entire state is experiencing one of the driest winters on record in California, following two dry years that already have left many reservoirs depleted. Precipitation in most of the state is less than 20 percent of normal, and reservoirs are dwindling. Forecasts suggest the dry spell could continue, exacerbating the already challenging water supply issues. Governor Jerry Brown declared that the state is facing “perhaps the worst drought that California has ever seen since records began being kept more than 100 years ago.” On January 17, 2014 Governor Brown declared a drought emergency which calls for all citizens to cut back on water use by 20 percent.

The Pajaro Valley is facing a long-term groundwater shortage, and the Agency is working to complete and fund a Basin Management Plan Update to remedy the problem. Conservation is a critical component of the plan. This resolution stresses the importance of conservation not just during the drought but for the longer-term.

Action: Director Cavanaugh moved to Adopt Resolution No. 2014-03, Recognizing State of California Drought Declaration and requesting 20% Water Use Reduction; seconded by Director Newell. Motion carried by the following voice vote:

AYES: Imazio, Cavanaugh, Lynn, Newell, Faurot, Zamora

NOES: None

ABSENT: Persoff

ABSTAIN: None

C. Receive update on State of California Actions Related to Groundwater Basin Management

Brian Lockwood, (SWRH) and Tony Condotti, (AC) were present at the Governor’s Administration invitation to local, regional and statewide partners for a meeting in the Governor’s office on Wednesday, February 12th 2014, to discuss how the Administration may be able to provide local and regional agencies the authority to manage groundwater sustainably and to ensure no groundwater basin is in danger of being permanently damaged by overdrafting; and provide the State the tools to step-in when necessary. The meeting was officially hosted by Felicia Marcus, Chairwoman of the State Water Resources Control Board. Mark Cowin, Director of Department of Water Resources and Karen Ross, Secretary of the Department of Food and Agriculture (DF&A), and Martha Guzman, Deputy Legislative Secretary.

The meeting focused on the critical need to manage water resources, and in particular groundwater, in a manner that is sustainable over the long term. To do this, the Administration’s first priority is to support local agencies to manage groundwater basins. If that approach is or does not work, then the second priority is to provide authority for the “state to come in and help.” The Administration also voiced support for Integrated Regional Water Management (IRWM) opportunities.

A vast network of water supply facilities has been constructed to produce and maintain this high level of agricultural production as well as to provide municipal water supply to millions of Californians. California's interconnected water system serves 30 million people and irrigates over 5,680,000 acres of farmland by managing over 40,000,000 acre-feet of water per year (Journal of Water Resources Planning & Management 130 (4), pp. 271–280). Several hydrologic regions within California receive no water from either the state (State Water Project) or federal (Central Valley Project) projects; the Central Coast is one of these regions. These regions are forced to develop and utilize locally available water resources, including but not limited to surface water, groundwater, desalinated water and recycled water.

Action: None required

D. Consider approval of General Manager Employment Agreement

AC reported on the Agreement for Employment of General Manager. The following terms were Agreed upon:

1. Approved an AGREEMENT FOR EMPLOYMENT OF GENERAL MANAGER which amended the previous agreement in the following particulars:
 - a. Base salary adjustment to \$145,000;
 - b. Eligibility for an annual performance incentive payment in an amount up to 10% of Employee's base salary based on the Board of Directors' assessment of performance in meeting employee's goals and objectives during the prior year, payable on or after January 1, of each calendar year; and
 - c. Current long term disability premium in the amount of up to \$600 deleted and replaces with a LTD or Supplemental Life Insurance allowance payment in the amount of \$600/month; and
2. Approved a one-time performance incentive payment in the amount of \$10,000.

Action: Director Cavanaugh moved to approve the Agreement for Employment of the General Manager; seconded by Director Newell
Motion carried by the following voice vote:

AYES: Imazio, Cavanaugh, Lynn, Newell, Faurot, Zamora
NOES: None
ABSENT: Persoff
ABSTAIN: None

E. Receive Update on Grant Awards and Funding Efforts for 2014

Implementation of PVWMA projects and programs has been strongly supported by State and Federal agencies as demonstrated by over \$50 million in grant awards over the past 15 years. The Bureau of Reclamation awarded a \$20 million Title XVI grant for the Watsonville Area Recycled Water Facility in 1999. The Department of Water Resources awarded a \$16 million grant for the construction of the Coastal Distribution System and supplemental wells. Both Recycled Water and Coastal Distribution System later received an additional \$11 million from the Department of Water Resources. Additionally, improvements to the existing Harkins Slough Project and installation of new monitoring wells to better understand the basin's hydrology have been funded in part by grants from organizations including the US Geological Survey, Stanford and UC Berkeley and UC Davis. Planning grants through the State's Integrated Regional Water Management Planning process have funded studies, and activities necessary for water resources management as well as to position the Agency for participation in upcoming funding opportunities.

With the current drought emergency in California, state and federal agencies are considering legislation to provide additional funding to address critical water supply needs in California. Much of the attention has been directed toward the Central Valley and the Sacramento delta issues, however our legislators, water managers, Water Bond Coalition and others are actively campaigning to ensure the Central Coast and other regions receive a fair share of the funding.

Action: None Required

F. Consider Approval of FY 2013-14 Proposed Budget Amendments

Significant amendments, summarized below, were made to the 2013-2014 budget:

- Delivered water revenue increased from an anticipated 4,200 acre feet to 4,500 acre feet, resulting in a revenue increase from \$1,381,800 to \$1,480,500. In addition, our Augmentation Revenue projection is now \$9,093,869 or a \$662,891 increase from Adopted Budget projected revenues of \$8,430,978. These are the result of an increase in demand due to drought conditions and increased demand for delivered water.
- Other Revenue increased \$62,000. This is a result of partial payment received from Santa Cruz County for the 2011 work on the Pajaro River and an insurance claim for some tools stolen from our Harkins Slough Pump Station.
- Conservation has increased \$100,000 in response to severe drought conditions.
- New Recovery Well #12 at Harkins Slough costs of \$122,275.
- An additional \$200,000 in Professional Services for tank design at the Recycled Water Facility.
- Increase in delivered water operations and maintenance expenditure of \$260,000 due to an increase in demand.

An additional adjustment of \$30,608 has been made to increase the City of Watsonville debt service expenditure due to an interest payment due after a special procedures audit by Hutchinson and Bloodgood which resulted in a savings of \$433,737.

Action: Director Newell moved to approve the FY 2013-2014 Proposed Budget Amendments; Seconded by Director Lynn.

Motion carried by the following voice vote:

AYES: Imazio, Cavanaugh, Lynn, Newell, Faurot, Zamora
NOES: None
ABSENT: Persoff
ABSTAIN: None

G. Receive Standard and Poor's Rating Letter and Report and consider bond refunding

Resolution of litigation in favor of the agency, an updated BMP and an improved audited financial Statement resulted in an upgrade in our rating from stable to positive. However, the sunset rate on our augmentation charge offsets our credit strength. Furthermore, Standard and Poor could take a negative rating action if there are significant delays in the rate setting process.

Beginning in 2009 the agency was eligible to refund our \$19 million 1999 Certificates of Participation at a lower interest rate however the cloud of litigation present up until now made the benefits of

refinancing less attractive. In recent discussion with funding agencies, a potential savings of roughly two million dollars may be realized. At the February 11 Administrative Finance meeting, the committee suggested that the Board be provided this update and consider directing staff to move forward with the refunding of the 1999 COP's based on the S&P recommendation.

Action: Board recommends looking into refinancing COP and obtaining bond counsel

11. Monthly Reports/Presentations

A. Facility Operations Report

1. Received 2013 Supplemental Water Production Monthly Summary
SWRH presented a PowerPoint of the slough water quality

B. Board Committee Reports available www.pvwater.org

1. Ad Hoc Funding Committee Update – January 23, 2014 meeting minutes were in Agenda package for review

C. Public Outreach Update – presented as part of Item #8 - General Manager's Report

12. Written Communication/Correspondences: January 17 – February 13, 2014

13. Future Meetings

- A. Water Quality Project and Operations Committee — February 26, 2014, 3:00pm, Water Resources Center, 500 Clearwater Lane, Conference Room, Watsonville
- B. Ad Hoc Funding Committee (AHFC) – February 27, 2014, 3:00 p.m. – 5:00 p.m. City of Watsonville Water Resources Center, 500 Clearwater Lane, Conference Room, Watsonville
- C. Special Board Meeting-BMP Final EIR Review, followed by ethics training (for those in need), March 5, 2014, 7:00 p.m., City Council Chambers, 275 Main Street, Fourth Floor, Watsonville
- D. Administrative/Finance Committee-Tuesday, March 11, 2014, 12:30-1:30p.m. PVWMA Conference Room, 36 Brennan Street, Watsonville.
- E. Board of Directors — March 19, 2014, 7:00 p.m., City Council Chambers, 275 Main Street, Fourth Floor, Watsonville, CA.

14. Future Agenda Items

Adjourned at 8:58 p.m.

Laura R. Taay, Administrative Analyst

Date Approved

PAJARO VALLEY WATER MANAGEMENT AGENCY

36 BRENNAN STREET • WATSONVILLE, CA 95076
TEL: (831) 722-9292 • FAX: (831) 722-3139

Board of Directors Meeting
March 5, 2014, 6:00 p.m.

City Council Chambers
275 Main Street, 4th Floor
Watsonville, CA 95076

BOARD MEETING MINUTES

1. Call to Order: The Regular Board Meeting of Pajaro Valley Water Management Agency was called to order at 6:06 p.m. by Chair Imazio, in the City Council Chambers, 275 Main Street, 4th Floor, Watsonville, CA.

2. Roll call of the PVWMA Directors:

Board Members Present: Rosemarie Imazio, Dave Cavanaugh, Rich Persoff, Dwight Lynn, Amy Newell, Paul Faurot

Board Members Absent: Javier Zamora

Staff Members Present: Mary Bannister, General Manager (GM)
Brian Lockwood, Staff Hydrologist (SH)
Laura R. Taay, Administrative Analyst (AA)
Others Present: Tony Condotti, Agency Counsel (AC)

3. Pledge of Allegiance

4. Oral Communications: None

5. Director Comments: None

6. Counsel Report: None

7. General Manager Report: Various water conservation events are planned and our Agency is involved in all of them, including an Irrigation and Nutrient Workshop in collaboration with the Strawberry Commission and the Ag Water Quality Coalition on March 11, the Water Resources Fair in collaboration with the Pajaro Valley Association of Realtors on March 20 at Heritage Hall, Santa Cruz County Fairgrounds and the Drought Extravaganza in collaboration with the RCD-SC, the SC Farm Bureau, and Community Water Dialogue on April 10 also at Heritage Hall. Directors might be interested in attending any/all of these events.

Roundtable of Regions will have a conference call to discuss DWR progress on the guidelines and solicitations for expedited drought relief funding and Proposition 84 funding. The \$1 million dollar grant for which we received contract notification for additional storage tanks at the Recycled Water Facility is funding through a Proposition 84, Integrated Regional Water Management grant.

8. Discussion and/or Action Items

A. Receive Presentation on Basin Management Plan Update and Final Environmental Impact Report (FEIR)

The draft Environmental Impact Report (EIR) for the Basin Management Plan (BMP) Update was released for public review on October 18, 2013. Based on comments to the Draft EIR, a Final EIR

(FEIR) has been prepared. A public hearing on the Final EIR will be conducted at our next regular board meeting on March 19, 2014. After the public hearing, the Board may consider certifying the Final EIR, accepting the BMP Update report and approving the recommended BMP program.

In August of 2012, the Board accepted the Ad Hoc Basin Management Plan Committee's recommended portfolio of new projects and programs required to halt seawater intrusion and stop basin overdraft in the Pajaro Valley, including:

- Conservation Program
- Increased production and deliveries from existing facilities
- Increased Recycled Water Storage
- Harkins Slough Recharge Facility Upgrades
- Watsonville Slough with Recharge Basins
- College Lake with Inland Pipeline to the CDS
- Murphy Crossing with Recharge Basin

Staff was then directed to proceed with development of the Basin Management Plan Update (BMP Update) and Draft Environmental Impact Report (DEIR).

Board comments were incorporated and a public draft of the BMP Update was distributed and made available in February 2013. This public draft is the basis of the environmental analysis in the DEIR. The DEIR work was initiated with the issuance of the Notice of Preparation (NOP) in February 2013. Staff distributed the NOP to all responsible agencies, trustee agencies, the State Office of Planning and Research, and a comprehensive mailing list of interested parties and agencies. The NOP initiated the 30-day period for comments on the scope and content of the EIR. Additionally, two public scoping meetings were held in February. Several comments were received and considered in the development of the DEIR.

The Draft EIR was released for public review on October 18, 2013. The DEIR identified significant and unavoidable impacts to agricultural resources. The DEIR determined that all other significant impacts could be reduced to a less-than-significant level through the incorporation of mitigation or project design features, including within the following impact sections: aesthetics; air quality and greenhouse gas; biological resources; cultural resources; energy, utilities and services; geology and soils; hazards and hazardous materials; surface water, groundwater and water quality; noise and vibration and transportation and traffic.

The formal DEIR comment period closed on December 9, 2013 and several comment letters were received from agencies and the public. The Agency evaluated all of the comments received at the hearing and in letters and prepared written responses. These responses are included in the Final EIR.

The Final EIR was prepared in accordance with the provisions of the California Environmental Quality Act (CEQA) and the CEQA Guidelines for public review. CEQA requires that PVWMA publicly notice the release and availability of the Final EIR.

Paul Friedlander, Carollo Engineers, delivered a presentation of the BMP Update and Denise Duffy, of Denise Duffy & Associates presented on the CEQA process.

Denise Duffy had a clarification to be made of record:

The Agency and Engineering Team worked on policy related comments and the EIR Team worked on physical impacts on the environment. It is not a policy document it is an analytical tool.

Handwritten note:
 ← CUP - comment
 yellow

Adjourned at 7:20 p.m. for Ethics Training

9. **AB 1234 Biennial Ethics Training was presented by General Counsel Condotti**

10. Future Meetings

- A. Administrative Finance Committee – March 11, 2014, 12:30 p.m. PVWMA Conference Room, 36 Brennan Street, Watsonville
- B. Board of Directors – March 19, 2014, 7:00 p.m. City Council Chambers, 275 Main Street, 4th Floor, Watsonville
- C. Ad Hoc Funding committee (AHFC) – March 27, 2014, 3:00 p.m.-5:00 p.m., City of Watsonville Water Resources Center, 500 Clearwater Lane, Conference Room, Watsonville
- D. Spring Into Conservation Resources Fair, jointly with Pajaro Valley Association of REALTORS®, March 20, 2014, 5:00 p.m. – 8:00 p.m., Heritage Hall, Santa Cruz County Fairgrounds
- E. ACWA Region 5 Meeting – March 23-24, Best Western Seacliff Inn (Sunday tour of the Recycled Water Facility)
- F. Administrative Finance Committee – April 8, 2014, 12:30 p.m. PVWMA Conference Room, 36 Brennan Street, Watsonville

The \$1 million dollar grant for which we received contract notification for additional storage tanks at the Recycled Water Facility is funding through a Proposition 84, Integrated Regional Water Management grant.

8. Discussion and/or Action Items

A. Receive Presentation on Basin Management Plan Update and Final Environmental Impact Report (FEIR)

The draft Environmental Impact Report (EIR) for the Basin Management Plan (BMP) Update was released for public review on October 18, 2013. Based on comments to the Draft EIR, a Final EIR (FEIR) has been prepared. A public hearing on the Final EIR will be conducted at our next regular board meeting on March 19, 2014. After the public hearing, the Board may consider certifying the Final EIR, accepting the BMP Update report and approving the recommended BMP program.

In August of 2012, the Board accepted the Ad Hoc Basin Management Plan Committee's recommended portfolio of new projects and programs required to halt seawater intrusion and stop basin overdraft in the Pajaro Valley, including:

- Conservation Program
- Increased production and deliveries from existing facilities
- Increased Recycled Water Storage
- Harkins Slough Recharge Facility Upgrades
- Watsonville Slough with Recharge Basins
- College Lake with Inland Pipeline to the CDS
- Murphy Crossing with Recharge Basin

Staff was then directed to proceed with development of the Basin Management Plan Update (BMP Update) and Draft Environmental Impact Report (DEIR).

Board comments were incorporated and a public draft of the BMP Update was distributed and made available in February 2013. This public draft is the basis of the environmental analysis in the DEIR. The DEIR work was initiated with the issuance of the Notice of Preparation (NOP) in February 2013. Staff distributed the NOP to all responsible agencies, trustee agencies, the State Office of Planning and Research, and a comprehensive mailing list of interested parties and agencies. The NOP initiated the 30-day period for comments on the scope and content of the EIR. Additionally, two public scoping meetings were held in February. Several comments were received and considered in the development of the DEIR.

The Draft EIR was released for public review on October 18, 2013. The DEIR identified significant and unavoidable impacts to agricultural resources. The DEIR determined that all other significant impacts could be reduced to a less-than-significant level through the incorporation of mitigation or project design features, including within the following impact sections: aesthetics; air quality and greenhouse gas; biological resources; cultural resources; energy, utilities and services; geology and soils; hazards and hazardous materials; surface water, groundwater and water quality; noise and vibration and transportation and traffic.

The formal DEIR comment period closed on December 9, 2013 and several comment letters were received from agencies and the public. The Agency evaluated all of the comments received at the hearing and in letters and prepared written responses. These responses are included in the Final EIR.

The Final EIR was prepared in accordance with the provisions of the California Environmental Quality Act (CEQA) and the CEQA Guidelines for public review. CEQA requires that PVWMA publicly notice the release and availability of the Final EIR.

Paul Friedlander, Carollo Engineers, delivered a presentation of the BMP Update and Denise Duffy, of Denise Duffy & Associates presented on the CEQA process.

During the Public Comment section Allen Harryman, President of the College Lake Reclamation District (CLRD), read from a written original letter. The last paragraph read, "However, CLRD would be remiss in not letting the PVWMA Board know that we are very disappointed in the turn of events represented by the Final EIR". Original Letter handed to Board Secretary and placed in PVWMA Board of Directors AgendaPackets and Minutes binder dated January –March 2014.

Denise Duffy had a clarification to be made of record:

The Agency and Engineering Team worked on policy related comments and the EIR Team worked on physical impacts on the environment. It is not a policy document it is an analytical tool.

Adjourned at 7:20 p.m. for Ethics Training

9. **AB 1234 Biennial Ethics Training was presented by General Counsel Condotti**

10. **Future Meetings**
 - A. Administrative Finance Committee – March 11, 2014, 12:30 p.m. PVWMA Conference Room, 36 Brennan Street, Watsonville
 - B. Board of Directors – March 19, 2014, 7:00 p.m. City Council Chambers, 275 Main Street, 4th Floor, Watsonville
 - C. Ad Hoc Funding committee (AHFC) – March 27, 2014, 3:00 p.m.-5:00 p.m., City of Watsonville Water Resources Center, 500 Clearwater Lane, Conference Room, Watsonville
 - D. Spring Into Conservation Resources Fair, jointly with Pajaro Valley Association of REALTORS®, March 20, 2014, 5:00 p.m. – 8:00 p.m., Heritage Hall, Santa Cruz County Fairgrounds
 - E. ACWA Region 5 Meeting – March 23-24, Best Western Seacliff Inn (Sunday tour of the Recycled Water Facility)
 - F. Administrative Finance Committee – April 8, 2014, 12:30 p.m. PVWMA Conference Room, 36 Brennan Street, Watsonville

MEMORANDUM

DATE: March 14, 2014
MEETING OF: March 19, 2014
TO: Board of Directors
FROM: General Manager
RE: **DISCUSSION AND/OR ACTION ITEM 9A:** Consider actions related to Certification of Basin Management Plan Update Final EIR and Approval of the Basin Management Plan

INTRODUCTION

The Draft Environmental Impact Report (EIR) for the Basin Management Plan (BMP) Update was released for public review on October 18, 2013. Based on comments to the Draft EIR, the Final EIR was prepared. Staff provided a summary of the BMP Update and Final EIR to the Board at its meeting on March 5, 2014. Tonight the Board will take public comment and action on the Agency's proposal to certify the Final EIR and approve the BMP Update.

BACKGROUND

On March 5, 2013, the Board received a staff presentation summarizing the Final BMP Update and Final EIR for the BMP Update. As discussed, the Final BMP Update includes a portfolio of new projects and programs required to halt seawater intrusion and stop basin overdraft in the Pajaro Valley, including:

- Conservation Program
- Increased production and deliveries from existing facilities
- Increased Recycled Water Storage
- Harkins Slough Recharge Facility Upgrades
- Watsonville Slough with Recharge Basins
- College Lake with Inland Pipeline to the CDS
- Murphy Crossing with Recharge Basin

The purpose of tonight's meeting is for the Board to take final comment on the BMP Update Final EIR as presented to the Board at its last meeting. The Board will then consider certifying the Final EIR and approving the BMP Update.

The California Environmental Quality Act (CEQA) requires that the Board adopt Findings of Fact regarding the project's environmental impacts as well as a Statement of Overriding Considerations if the project will result in any significant and unavoidable impacts to the environment. Finally, CEQA requires that the Board adopt a Mitigation Monitoring and Reporting Program to implement the mitigation measures identified in the Final EIR and imposed as conditions on the project. Findings of Fact, a Statement of Overriding Considerations, and a Mitigation Monitoring and Reporting Program for the BMP Update are attached to this agenda report for your review and consideration.

NEXT STEPS

Assuming Board approval of staff's recommendation, staff will file a Notice of Determination for the Basin Management Plan Update.

FISCAL IMPACT

Informational only

STAFF RECOMMENDATION

Staff recommends that the Board take the following actions:

1. Adopt Resolution 2014-04 Certifying the Final Environmental Impact Report (FEIR) for the Basin Management Plan Update Pursuant to the California Environmental Quality Act.
2. Adopt Resolution 2014-05 Approving the Basin Management Plan Update and Adopting Findings of Fact, Statement of Overriding Conditions and Mitigation and Monitoring Program Pursuant to the California Environmental Quality Act.

ATTACHMENTS

- Resolution 2014-04 Certifying the Final Environmental Impact Report (FEIR) for the Basin Management Plan Update Pursuant to the California Environmental Quality Act.
- Resolution 2014-05 Approving the Basin Management Plan Update and Adopting Findings of Fact, Statement of Overriding Conditions and Mitigation and Monitoring Program Pursuant to the California Environmental Quality Act

Attachment A: Findings of Fact
